ONLINE & MOBILE SAFETY

Passwords

- Make passwords difficult for others to guess.
- A strong password should be more than six characters long and include a combination of letters, numbers, and symbols.
- Try not to use the same password for every website, if someone guesses it, they will be able to access all your accounts.
- Don't use your personal information or that of anyone you know (e.g. child's name and dob).

Selective Sharing

- When you share something on social media it has potential to reach many people, may be shared by others & can still be seen even after you've deleted the post.
- Never reveal your address, personal telephone number or bank details on social media.
- Be cautious about posting photographs of yourself on social media, these can be saved and stored by others.

Privacy Settings

- Set your privacy settings to enable only 'friends' or 'followers' to see what you post.
- It's important to remember that setting your profile to private doesn't mean that your posts can't be seen by others.
- Friends could share the post to their network, for example, so remain cautious about what you're sharing.

Who Are You Talking To?

- Others may pretend to be someone they're not to extract personal information or convince people into doing things they don't want to do.
- Never send any personal information to someone you have never met in person.
- Never send anyone a photo or video that could leave you in a compromising situation.

Meeting in 'real life'

- Extreme caution should be taken when arranging to meet someone in 'real-life' for the first time.
- Always arrange to meet in a busy public place, such as a café.
- Always tell someone else who you are meeting, use apps like "find my" on your device to track your location, or carry an airtag.
- If possible, take a friend, family member or carer along to the first meeting.

Avoid Online Scams

- It's important to be mindful of things that don't seem right.
- Remember, if something sounds too good to be true, it probably is!
- Sometimes it can be hard to know whether something is genuine or not. Unsure? Get a second opinion.

Truth or Lie?

- Many websites spread untrue or exaggerated news stories, often called 'clickbait' or 'fake news'.
- Don't assume the first thing you read is true, instead be open to reading different sources to get a more accurate overview.
- It's also worth bearing in mind that the posts your friends are sharing might not always give a true representation of their lives.

Respect Other People

- Occasionally on the internet people forget that behind every post is a real person.
- Your comments could upset someone without realising, don't say anything to anyone online that you wouldn't say to their face.
- Think before you post!

Report Any Issues

- You should never accept being abused, bullied or harassed online. Use the blocking tool on the apps help page.
- Tell a friend, family member, carer or support worker if you are worried about anything online.
- Abusing someone online is a criminal offence and you can report online abuse to the police. Contact your local police force by calling 101.

Keep a Healthy Balance

- The internet can be addictive, try to strike a healthy balance between the online and offline worlds.
- Keep connected to "real world" friends and family.
- Keep your sleep health in check, switch off devices at night and take a rest!

Report Remove

Report Remove is here to help young people under 18 in the UK to confidentially report sexual images and videos of themselves and remove them from the internet.

How Report Remove works

Having your nudes shared can feel scary, and it can leave you feeling worried or even ashamed. **But it's not your fault.**

It's against the law for anyone to share a sexual image or video of someone who's under 18, and Childline are working with the Internet Watch Foundation (IWF) and Yoti to help you remove any sexual image or video of you that's online.

Report Remove is safe, easy and free – all you need to do is follow these steps: Visit <https://www.childline.org.uk/info-advice/bullying-abuse-safety/online-mobile-safety/report-remove/>

1. choose your age range.
2. create a Childline account so they can send you updates on your report
3. report your image or video to the Internet Watch Foundation (IWF)
4. talk to a Childline counsellor if you want any extra support, or access support on the Childline website
5. check your Childline locker a few days after your report to see if you need to add any more information and to see updates on your report
6. report any issues with this process by sending an email from your Childline locker with the subject 'Report Remove' and as much information about the problem as you can.

Jump in and get muddy. Give back and get set. Scouts ignore the butterflies and go for it, and soon so will you.

**Preparing young people with skills for life
Everyone is welcome at Scouts. Every week, they help almost half a million people aged 4-25 develop skills for life. Are you ready to join the adventure?**

What do Scouts do?

Scouts is where young people make new friends, have amazing adventures, and learn new skills.

Scouts are do-ers and give-it-a-go-ers.

Yes, they go camping, hiking, swimming, abseiling, cycling and canoeing.

But, they also get to hang out with their friends every week – having fun, playing games, working in a team and taking on new challenges.

Every week they give almost half a million 4-25 year olds the skills they need for school, college, university, the job interview, the important speech, the tricky challenge and the big dreams: the skills they need for life.

Everyone's welcome at Scouts.

All genders, races and backgrounds. Regardless of your physical ability – there's a Scout adventure out there waiting for you. And they will help you find it.

Wherever you're at, whatever else you've done up until now, if you're between 14 - 24, The Duke of Edinburgh's Award (DofE) is for you.

This is for the gamers, skaters, bikers and bakers. The dress-makers, film-makers and change-makers. The just-out-of-bedders, wheelchair-racers, dancers, DJs and none-of-the-abovers.

Whoever you are, this is you and your friends sharing amazing experiences, having fun and just maybe changing your futures along the way.

The DofE helps to turn the things you love, and the things you've always wanted to try, into powerful lifelong skills that can help you get a job, change your community and take on anything life throws your way. And yes, there's going to be a bit of camping involved.

A DofE Award is not just a prestigious Award much desired by colleges, universities, and employers. It's recognition of the huge effort you've put in to doing it, the people you've helped and the skills you've learnt along the way. Be proud. Be an Achiever!

These subjects range from emergency planning, to patient care, leadership & teamwork, healthy relationships, and adventure skills – just to name a few! When all the aims and objectives within the subject are completed, it counts toward their Grand Prior's Award Total. Throughout the year, Cadet units run award ceremonies in their units to celebrate each Cadet's achievements.

And after completing their Grand Prior's Award, Cadets have further opportunities to develop their skills, such as in helping to plan and lead their weekly meeting sessions!

Many Cadets join St John Ambulance to gain relevant experience before pursuing a career as a paramedic or health care professional. With so many different activities to get involved with, there is something for everyone.
